TERRIFIC GALES CROSS THE WEST

DEATH IN WAKE OF THE STORMS

Loss of Life and Property Noted
at Many Points.

WEST AND SOUTH GALE-SWEPT

Estimate of the Number of Dead in Middle West, Southwest and South Placed at Fifty, With Two Hundred Injured and a Property Loss of Three Million or More—Trains Snowbound in Nebraska.

St. Louis, March 15.—A storm which spread over the entire middle west, the Rocky mountain region, the south and the southeast, caused loss of life and great property damage the past 24 hours. In the middle west and the southern states the storm took the form of winds of high velocity, and from farther west blizzards that are moving eastward are reported. A fierce blizzard raged along the line of the Union Pacific in Wyoming, and is moving rapidly eastward. The cold wave from the west reached St. Louis last night, the high west to northwest winds sending the temperature rapidly down.

A conservative estimate places the number of dead in the lower middle west, southwest and south at 50, with no fewer than 200 injured and a property loss of \$3,000,000 or more.

Four persons were killed, 12 injured and five are missing as the result of a blizzard in Nebraska, which caused two wrecks. Two passenger trains crashed together in a snowstorm and four were killed and several hurt. Two Union Pacific freight trains were wrecked in a similar manner and two trainmen and two stockmen who were riding on the train are missing.

Charles Whiting, a C. & M. & St. P. engineer, saved a trainload of passengers in Minnesota. He feared a wash-out and ran slowly as he approached a bridge. His engine plunged through the bridge. His fireman was killed and he was fatally hurt.

Hundreds were rendered homeless in the eastern part of Wisconsin and hundreds of lives were endangered. The damage is estimated at \$500,000.

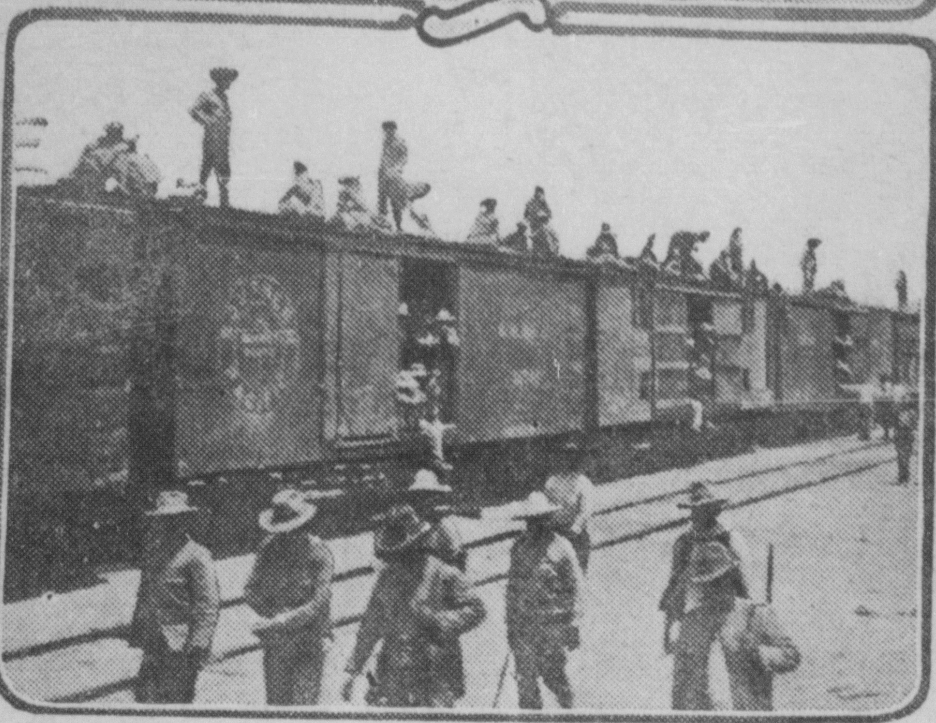

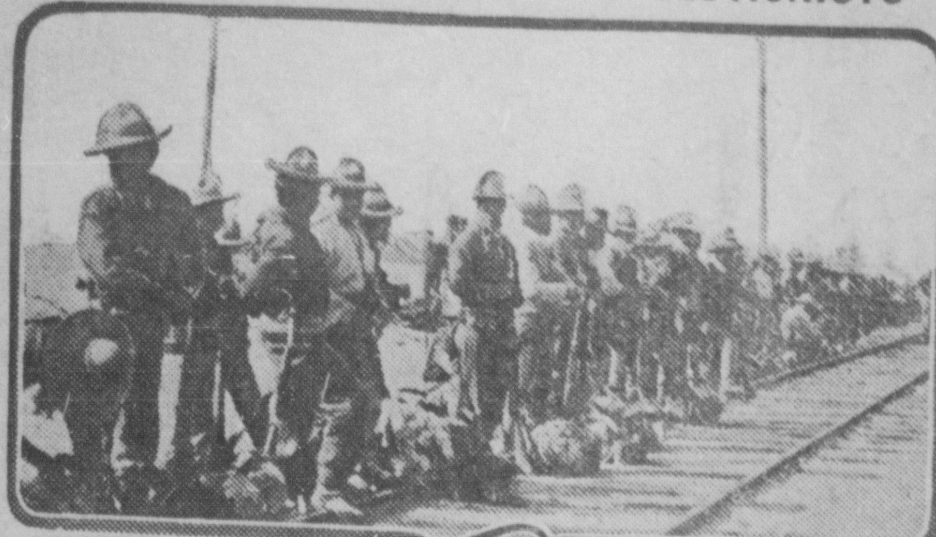

Four killed, 12 injured and five men missing and thought to be dead, is the record made in Nebraska by the blizzard. Train service in that division has been annulled, as the wind has blown snow into drifts. At Gothamburg, Neb., fast passenger train No. 12 crashed into the rear of No. 4, telescoping a Pullman sleeper and throwing it and the coach ahead into the ditch. A search of the debris revealed four bodies of persons who had been killed, while 10 others are injured. Three of the injured can not live.

Havoc in the South.

Reports received at Memphis, Tenn., from the tornado-swept portion of the south and middle west are that the death toll will probably reach 50, 300 injured and a property loss approaching \$3,000,000 at a conservative estimate. Wires are down to many of the affected localities. Five persons were killed in Madison and Henderson counties, Tennessee. At Lexington, Tenn., three persons were killed and 100 houses were wrecked. Four children were killed at Huling, Tenn. Eight persons were killed in northern Mississippi. F. W. Friar, manager of the New Albany, Miss., office of the Cumberland Telephone company, was one of the victims.

Several Texas cities were badly damaged. Six persons were killed in the vicinity of Gadsden, Ala. A Southern railroad train that left for the tornado-swept territory was wrecked. In the vicinity of Atlanta four persons are dead. A woman and infant were killed in Sabine parish, Louisiana. One person was fatally injured in Montgomery county, Mo.

MEXICO'S VICTORIOUS REVOLUTIONISTS

The upper photograph shows a command of the "rurales" of Mexico who had joined the forces of Generals Diaz and Huerta. In the lower picture the "Diaz special" is seen entering the City of Mexico with rebel troops aboard. These are the troops that attacked the national palace and finally conquered Madero.

The Strenuous Ex-president Vaccinated In Washington

Washington, March 15.—Franklin D. Roosevelt, former senator of New York, who is to be assistant secretary of the navy, is in the city. He will probably take the oath of office Monday, when the senate meets to confirm nominations. Mr. Roosevelt was initiated by being vaccinated almost as soon as he reached the navy department. Owing to the discovery of two cases of smallpox in the state, war and navy building, a general vaccination order has been issued.

Girl Killed by Trolley Car.

Columbus, O., March 15.—Mabel Edmonston, 7, daughter of Arthur Edmonston, a railway engineer, was struck and killed by a North Fourth street car. The child was terribly mangled.

Admits Killing Woman.

Cleveland, O., March 15.—Philip Bendell, 23, appeared at police headquarters and confessed that it was he who ran down and killed Mrs. George Collier and badly injured George D. Jones while driving an automobile for a firm of commission merchants. He is held on a charge of manslaughter.

PITCHFORK SENATOR FAILS TO WIN OUT

TILLMAN SHUNTED TO NAVAL AFFAIRS

Martin Named Chairman of Appropriations Committee.

Washington, March 15.—Senator Ben Tillman of South Carolina was denied the chairmanship of the appropriations committee of the senate. A Democratic steering committee composed of nine of his colleagues, which has been sweating behind closed doors over the disposition of Senator Tillman's committee chairmanship, decided to set aside the picturesque and militant figure from South Carolina. The committee ignored the rule of seniority and conferred the chairmanship on Senator Thomas F. Martin of Virginia, who is third in rank in the Democratic membership of this important committee.

The steering committee recommended to the Democratic party conference committee that Senator Tillman be made chairman of the committee on naval affairs.

The chief reason for supplanting Senator Tillman, who headed the list of Democrats on the appropriations committee, is understood to have been the belief that his health would not enable him to undertake the severe tasks attaching to the position.

MAYOR SAM SHANK IN VAUDEVILLE.

Indianapolis, Ind., March 15.—Beginning the first of next year Mayor Samuel Lewis Shank of this city will do his potato selling and mayoring from a vaudeville stage. The mayor signed a contract with a large vaudeville circuit to monologue at \$500 a week. The mayor, who won worldwide fame through his efforts to reduce the high cost of living by buying carloads of potatoes and other produce and selling them on the city market himself at cost price, will complete his four-year term on Jan. 1 next.

THE JURY RETURNS VERDICT OF GUILT

MISUSE OF MAILS THE ALLEGATION

Julian Hawthorne and Two Others
Are Found Guilty.

JURY OUT TWENTY- EIGHT HOURS

All Convicted On the Charge of Having Promoted Four Mining Properties in Canada Which, It Is Averred, They Knew To Be Worthless—Defendants Fined and Sentenced to Serve Terms in Prison.

New York, March 15.—Julian Hawthorne, Dr. William J. Morton and Albert Freeman were found guilty of using the mails to defraud "in connection with the promotion of four mining properties in Canada, which the three men knew to be worthless." The verdict was brought in in the United States district court by a jury which had been deliberating for 27 hours and 45 minutes upon the guilt or innocence of the accused.

Judge Julius Mayer thereupon sentenced Freeman to serve five years and three days in the federal prison at Atlanta; Julian Hawthorne to serve one year and one day in Atlanta prison, and Dr. Morton to serve also one year and one day in Atlanta prison. Ex-Mayor Josiah Quincy was acquitted of the charge brought against him by the government.

The prisoners were given over to Marshal Henkel, handcuffs were snapped on their wrists and they were taken away to the Tombs, where during the next 10 days they will await the decision of their counsel as to whether their cases shall be appealed.

"This is the anesthesia curse come upon me," declared Dr. Morton, as he stood waiting in the office of the marshal. "The American nation allowed my father to die penniless at the age of 48 and I had to take care of his family. They took from my father the gift of the discovery of ether; they fought the civil war on ether and they gave my father nothing. If every man, woman and child who has been and is being saved from pain through ether were to give us our due, the Morton family would be the richest in the world."

When some one in the room approached Mr. Hawthorne with words of commiseration his chin shook a very little as he thanked his friends for the words of comfort. "Up to the very last minutes," Mr. Hawthorne said, with unusual emphasis, "I had no doubt as to the outcome of the trial, I fully expected to be acquitted."

Pulitzer Brings His Charges To An Issue

New York, March 15.—Magistrate Kernochan issued a summons against Mayor Gaynor on a charge of criminal libel preferred by Ralph Pulitzer, son of the late Joseph Pulitzer and president of the Press Publishing company, owners of the New York World and the St. Louis Post Dispatch. The summons requires the city's chief executive to appear before the magistrate in the chief magistrate's court next Thursday. Mr. Pulitzer accuses the mayor of defaming the memory of his father in a speech at the South Brooklyn board of trade Feb. 4.

JULIAN HAWTHORNE

Found Guilty of Using the
Mails to Defraud the Public.

HIS FIRST OFFICIAL SIGNATURE IS AFFIXED

Secretary Bryan Declines to Discuss
Pact With Great Britain.

Washington, March 15.—Secretary of State Bryan for the first time affixed his signature to a treaty. He did this in the exchange of ratifications of the arbitration treaty with France, arrangement for the extension of which for five years was made in the last days of the Taft administration. The treaty would have expired next month by limitation.

The arbitration treaty with Great Britain, which is practically identical with the treaty with France, expires by limitation next June. Mr. Bryan said that he had not yet taken under consideration the question of renewing this treaty. It is under this treaty that Great Britain is calling upon the United States to arbitrate the Panama canal tolls controversy. Mr. Bryan declined to state his attitude toward the matter.

Another Clash Is Feared By The American Residents

Nogales, Ariz., March 15.—Rumors that the federals would attempt to recapture Nogales, the town in Mexico separated from this border town by a single street, has kept the Americans here on the quiver. There was 12 hours of fighting before the Sonora rebels, calling themselves Constitutionalists, occupied the town, and a repetition of the bloody doing across the street is feared by all the residents of this town, three of whom were hit by flying bullets.

Destructive Tornado.

Buenos Ayres, March 15.—Many persons were killed and injured and there was immense destruction of property by a tornado in this district.

Chairman of Appropriations Committee Submits His Bill.

MILITIA FUNDS ARE SLASHED

Sum This Year Nearly Two Hundred Thousand Dollars Less Than in 1911—Heaviest Increases For New Buildings—Fraternity Bill Meets Violent Death—Doings of the General Assembly.

Columbus, O., March 15.—Appropriations for the maintenance of the state government during 1913 are estimated at approximately \$10,000,000. The general appropriation bill, introduced in the house by Chairman John A. Cowan of the finance committee, carries \$6,400,000. Adding to this the partial appropriation bill, already passed, makes a total of \$9,614,859. Sundries and special appropriations will boost the total to above \$10,000,000.

The Ohio National Guard, whose expenditures have been the subject of official inquiry, received the deepest slash in its funds, its appropriation being \$196,684 less than in 1911. The state tax commission acquiesced in a cut of \$46,276. It found that its former appropriations of \$100,000 and \$84,000 were too high, now that this department is established on a permanent basis.

Amounts of decreases from the 1911 allowance included: Archaeological and Historical society, \$44,000; state printing commission, \$30,000; legislature, \$38,500; public service commission, \$27,550; Miami university, \$30,250; governor's office, \$7,000; state board of agriculture, \$7,962; state house and grounds, commissioner of soldiers' claims, secretary of state, state library, state treasurer, Xenia orphanage, decreases less than \$5,000.

The heaviest increases are for new buildings, including Lima state hospital, \$112,150; Kent Normal school, \$100,000; Bowling Green Normal school, \$53,500; Ohio State university, \$64,855; Ohio university, \$42,000; judiciary, \$70,000; prosecution of convicts, \$50,000; state highway department, \$52,055; department of public works, \$87,296; state board of health, \$42,626; state banking department, \$32,570; attorney general, \$23,389; dairy and food commissioner, \$29,605; board of boiler rules, \$14,600; state factory inspector, \$15,114; liability board of awards, \$42,250; Wilberforce university, \$11,385; board of arbitration, state board of charities, examiner of steam engineers, state fish and game commissioner, state labor commissioner, state school commissioner, state mine inspector, state insurance superintendent, bureau of building and loan associations, bureau of vital statistics, state printer, state Law library, clerk of supreme court, state agricultural experiment station, state blind commission.

Among appropriations for new buildings are \$75,000 for a horticultural and forestry building at O. S. U. and \$105,000, half the cost of buildings planned for the institution for feeble-minded youth.

Fraternity Bill Dead.

Representative Hoaglin of Paulding county preached a funeral sermon over his bill to abolish fraternities in state universities. The funeral was conducted by the house, which almost unanimously voted to accept the report of the universities committee, asking postponement of the measure. Mr. Hoaglin said the bill had been sent to that committee for slaughter and never had a chance.

Some More New Postmasters Up

Joseph Miller has secured the endorsement of the committee for postmaster of Hillsboro, and John L. Strange, editor of the Greenfield Journal, has received the endorsement for postmaster of Greenfield. However in both instances the new postmaster will not take office for some time.

Reuben Grandle has also been endorsed for the postmastership of Leesburg. A large number of Democrats were in line for the three appointments.

Asks Transfer Of \$10,000 Suit

George P. Johnson, receiver of the D. T. & I. railroad, Friday filed application to remove from the Fayette Common Pleas court to the Federal district court the suit brought against the road by Pope Gregg as administrator of the estate of Robert T. Steele.

The suit was for \$10,000 damages, the plaintiff alleging that the conductor and a brakeman removed Steele from the train while he was unconscious and left him on the ground at Haigler's station in such a position that he died from suffocation.

Spring Weather Pleasing to All

The spring weather during the past several days has been very pleasing to every one, and has started early spring preparations in full force.

The warm breezes have been too much for the fisherman, and he had to hie himself to his favorite spot along the banks of the neighboring streams, and the general report is good luck.

But the weather man threatens to supplant the spring weather with a cold blast direct from the northernmost corners of the earth, and says that the cold wave will reach here tonight.

REORGANIZATION OF THE BOY SCOUTS IS NOW WELL UNDER WAY

Many Business and Professional Men Back Local Council of the Boy Scouts of America in Fayette County, and Complete Organization Takes Place in the Near Future---Local Women Back of Movement for Auxillary of Campfire Girls.

Acting under the new regulations requiring local councils and other commendable changes in the Boy Scout Movement, a local council of Boy Scouts of America in Fayette county, is now being organized at the Y. M. C. A., and within a short time the movement will be successfully launched.

At a recent meeting the following officers of the Local Council were chosen: President, Will Campbell; 1st vice president, Rell G. Allen; 2nd vice president, Supt. William McClain; 3rd vice president, Joseph H. Harper; 4th vice president, Dr. Carey Persinger; secretary, Wilbur Kier; treasurer, A. W. Duff; scout commissioner, Ray F. Zaner.

The executive committee consists of Rell G. Allen, chairman, and the other officers of the board. Jess W. Smith, chairman, David S. Craig and Herbert Brownell compose the finance committee, while Horace Ireland and four others to be appointed constitute the court of honor.

Application was made for a charter, and the constitution and by-laws were adopted and forwarded to the

National headquarters at New York, for approval.

As soon as the charter is received the board will immediately commence to outline the Scout work and steps will be taken toward organization along the proper lines so that the Scout work will be elevating in every way to the many boys who will become members of the organization.

Under the new regulations the Boy Scouts are more thoroughly organized and the entire movement, which is nation-wide, will be conducted along the highest possible lines, so that Boy Scouts will have the benefit of the united effort of experts and personal merit will be rewarded at all times, so that it depends upon the Scout himself whether or not he advances on the honor roll.

In connection with the Scout movement, it is planned to have an auxiliary to be known as the Campfire Girls. This movement has gained strong headway here, and several prominent women of the city are back of the plan.

FUNERAL OF JOHN A. JAMES.

The funeral services of Mr. John A. James will be held on Monday. Friends will gather at the home on the Creek road at 11 o'clock standard time, for a short service, after which the remains will be brought to Grace M. E. church and the regular funeral service held at one o'clock in the afternoon.

Dr. E. L. Rexford of Universalist church, of Columbus, will officiate and after the religious services the Masonic fraternity takes charge.

The interment will be made in the Hidy cemetery, near Bookwalter.

Be Honest With Yourself

Some men find it difficult in business and quite a large percentage of the men who follow closely the game of politics either as a profession or for profit, to determine just which way to turn when it comes to the forks of the road.

There are bound to be crises springing up in business and in politics, times when men must decide which way they will go—which side of the issue presented, they will join.

The men who have by far the most trouble when these crises come are those who are endeavoring to get on a winner regardless of what the principle involved in the crisis really is. These are the men who apparently make quite a success for a while, but eventually lose out in either business or politics.

They succeed for a while because they are able to guess with reasonable accuracy—they are lucky. As soon as luck leaves them and they are unable to guess right, their end is not long postponed.

Other men find it quite difficult to get along for a time. Their success is for a time only mediocre, if that, but eventually things begin to "come their way" and in the wind-up they have made a success.

These are the men who are honest with themselves and have some principle which guides them through each crisis as it comes.

These are the men who satisfy their own consciences and waste no time trying to guess what the other people are going to do—the most profitable and most satisfactory course.

Nursing Their Grouch

Giving full credence to the reports now being published broadcast over the country, Senator Stone, of Missouri, and Speaker Champ Clark, are showing that men supposed to be big, broad minded, able statesmen can some times be guilty of the most childish conduct.

These two men have announced that in their case the President must make an exception to his rule that all Federal patronage must be dispensed by cabinet members.

Under that rule all appointments to positions in the diplomatic and the consular service would be made by the Secretary of State.

It happens that the Secretary of State is W. J. Bryan, and the gentlemen from Missouri are angry with Mr. Bryan because of the prominent part he played in the Baltimore convention in bringing about the nomination of President Wilson. In order to nominate President Wilson, Champ Clark must be prevented from securing the nomination.

Champ Clark was not nominated and President Wilson was nominated. The present Secretary of State was very active against Clark and very active for President Wilson.

Senator Stone and Speaker Clark got angry at Mr. Bryan at Baltimore and they are still angry.

Now if the President of the United States does not set aside a rule which he adopted because he believed it to be best for the public service, then the great state of Missouri must be without representation in the diplomatic and consular service and thus the nation deprived of the services of able men who live in Missouri.

All because Senator Stone and Champ Clark are peeved because of the defeat of Clark at Baltimore.

It is about the most conclusive public exhibition of real smallness ever exhibited by men in the public service.

The showing of narrow-mindedness is really sufficient to warrant the retirement of both Senator Stone and Champ Clark to private life. It is humiliating to know that the nation has in the public service two such narrow-gauge statesmen. The announcement discloses that neither Senator Stone nor Speaker Clark is big enough for the place he is now holding.

It is to be hoped that the President will adhere to his rule and if the two men asking him to except them from its operation, still refuse, on account of personal pique to abide by it, that the State Department will receive Missouri's recommendations for patronage through other channels.

That would leave both Senator Stone and Speaker Clark free to nurse their grouch, an occupation for which they have shown a decided aptitude.

Whole American Public Is Wild With Spending

By JAMES J. HILL, Railroad Builder of the Northwest

THE invention of money was a long step toward civilization, but the invention of credit was a greater one. The world deals ever more largely with credit. It is the MOTIVE POWER OF CURRENT ENTERPRISE.

Contract or expand credit unduly or improperly and the effects may be incomparably WORSE THAN THOSE OF THE WILDEST EXPERIMENTS IN CURRENCY TINKERING that the world has ever seen. No cause has been more prolific of misfortune.

THE WHOLE AMERICAN PUBLIC IS WILD WITH SPENDING. PUBLIC ECONOMY IS A LOST ART. A BILL THAT CARRIES OR REQUIRES AN APPROPRIATION NEEDS LITTLE ELSE TO COMMEND IT TO ANY LEGISLATIVE BODY.

Poetry For Today

THE ANTARCTIC MARTYRS.

By Robert J. C. Stead.

(In the Morning Albertan)

Not to the wreck of crashing shell,
Not to the boastful bugle's breath;
Not as our war-made heroes fell,
Fell they, in the uttermost gates of death;
Hungered, and lone, in the ice-swept zone,
They died to the bleak wind's monotone.

Not in the war of man and man,
Not in the red, blood-heat of strife;
Not where the blasts of hatred fan
The baser hearts at the price of life;
Solemn and great, they sat with Fate,
And, knowing the end, dared still—to wait!

What did they seek in that manless land?
Glory or gold, or rich estate?
Nought; but they heard their God's command

Which bids our Britain still be great!
British—and mad—they could die, and be glad,
While the wild wastes wept for them, weirdly sad.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

May 16, 1867.

George Saxton has opened a new blacksmith shop on "business alley" east of Fayette street, where he will be happy to accommodate all in the need of work in his line. See his card in another column.

Public Improvements—Judge McLean has commenced tearing away the old tumble-down building opposite the Court House between Dahl's brick building and P. Sherman's grocery, preparatory to putting up a fine two story business house. McPine Bros. are the contractors for building the brick part.

The stone pavement put down last week in front of Doctor Harlow's drug store, on Court street, is just as it should be. Fine!—A like improvement is much needed in front of C. L. Getz's grocery store.

A New York policeman Saturday night discharged a revolver in the face of a prisoner, mutilating him horribly. Acts of brutality on the part of New York policemen are becoming quite frequent and nothing done.

Capt. George Patterson, of this vicinity, is still severely suffering from the effects of five wounds received in battle during the charge on Fort Wagner, July 1863. He was wounded by a piece of shell in the right leg, in the left arm by a minie ball, in the left hip by a piece of shell, in the head by a canister shot laying open the scalp, and lastly by the butt of a musket upon the side of his head, the blow being received while mounting the breastworks. He was carried from the field by his gallant comrades of the 48th and was compelled to lie in the hospital many months.—Lebanon Star.

INTERESTING BITS OF NEWS

(John E. M. Kerr.)

Edwil Wiant, of Urbana brought suit for \$30,000 against the estate of Thomas Kite, alleging that Kite spent the last 17 years of his life an inmate of the Wiant home and that Kite had promised to make Wiant one of the heirs of a \$150,000 estate. The plaintiff once offered to compromise for \$4,250, which was rejected and he was therefore agreeably surprised when the jury gave a verdict for \$7,402.20. It is understood there will be no appeal.

"The Green Goat" will be issued by the students of Ohio University at Athens today. This one will be the second issue. The first made such a sensation that the second number "The Bone-Head" is much looked forward to and will be a hummer. The sensation is an editorial "call down" for members of the various athletic teams, who linger too long along the brass railled bar. It is announced that "The Green Goat" will appear regularly as long as the printer will trust it.

For several nights past the business men in the Arcade, Springfield, have been forced to use candles and coal oil lamps to brighten their store rooms, result in much inconvenience. A ground wire caused all the trouble.

The city mail carriers are now delivering nursery stock and plants of various kinds; also warm meals in special fireless cookers, which have been sent by kind parents in the country to their youngsters who are attending college. Some days the festive mail carrier resembles nothing as much as a young department store.—Athens Messenger.

The large auto truck belonging to The Wren Furniture Store, Springfield, sometimes seen on our streets, took a great load of goods to Catawba, Clark county, recently. The village authorities had the machine weighed and it was found to exceed the limit permissible under the law. The driver was then arrested and the usual fine imposed.

An up to date roof garden on top of the Century Theater building is planned for the pleasure lovers of Cincinnati. The theater is owned by millionaire John J. Ryan and with very little remodeling the improvement can be made and it is predicted the venture would be a great success.

All the improved county roads out of Springfield are to be watched by special deputy sheriffs, for violators of the heavy hauling law. Their pay is to come out of the fines they dig up.

EMBARRASSING MOMENTS IN THE LIFE OF A SMALL BOY.

VIEWS OF OTHERS

THE FLOOD OF FICTION.

W. D. Howells, our greatest novelist, calls attention in Harper's for March to "the overwhelming prevalence" of fiction. There are 25,000 novels and short stories published every year. So persistent has been this craze for novel writing that the soil of the imagination has about been exhausted. All the novels written could be compressed into about 60 plots. So the novel readers in wading through these 25,000 books would meet pretty much the same set of vicissitudes, differently arranged, however, but whose combinations tell the same old story.

It is not the number of novels published that is so significant, but the number that is read. Taking it altogether, there is no doubt that mankind has lost more than it has gained by the reading of novels. If the John Hopkins professor meditates making a practical science out of psychology—here is his chance. It is a useful inquiry, how far the reading of fiction dissipates the mental strength? Undoubtedly such reading meets with no obstacle that the intellect must attack and overcome, an experience absolutely necessary to a vigorous mental equipment. There is no doubt that thousands upon thousands of minds are weakened or ruined every year by floating and lounging and gushing through the ordinary novel of the day.—Ohio State Journal.

Horse Show Trophies

In the center of top row is "The Governor's Cup", the banner trophy of the Horse Show. As yet there has been no assignment of any particular trophy to any particular class, nor has there been, as yet, any particular name or designation given to any one of the handsome trophies except to that one known as "The Governor's Cup." The committees are busy now concluding the arrangements which will assign a place and a name to each one of the pieces. Some idea can be gained from the above, but the trophies should be seen to be appreciated.

Getting Ready

Arrangements for the Horse show, which precedes the sale of the Ohio Combination Sales Company, on March the 31st, are progressing splendidly and there is every expectation that the show will even excel all the pleasurable anticipation it is arousing.

That it will receive large patronage from outside territory is indicated by the constant inquiries which are already pouring in from out-of-town as to when the sale of boxes and reserved seats will open. The committee is arranging for this sale as early next week as possible.

Everything so far has been most encouraging and the attractions secured will add to the zest of the rivalry between classy show horses for the beautiful silver trophies shown in the above photograph.

Mr. H. R. Cline, secretary of the Grand Circuit Trotting races, has notified Mr. Charles Allen that he will be here and act as one of the judges.

Prominent horsemen from all over the country are expected and the Horse show will be conducted along lines which have been found especially popular among Horse show managers.

There is one thing a woman never boasts of, and that is how little it costs to have her last year's hat remodeled.

Circleville's New Auto Truck Engine Proves Efficiency

Fire-fighting Monster Is Like One Contemplated for This City Following the Great Fire. Neighboring City Takes Warning From Recent Conflagration and Prepares for Emergency.

Circleville's new \$9,500 auto-truck fire engine has arrived, been thoroughly tested out, and found satisfactory in every way, fulfilling all claims made by the builders.

The huge enemy of fire weighs 14,000 pounds and is an exact duplicate of the one in the main engine house at Washington, D. C. Fifty miles an hour is easy for the big truck. The engine is equipped with six cylinder, 80 horse power motor and a Continental steam pump engine.

It is the kind of an auto fire engine at one time planned for the protection of this city.

Regarding the tests made of the

fire-fighter, the Circleville Herald says:

At the trial of the new auto fire engine and hose truck purchased by the city Wednesday afternoon, the company made good all its claims for their patent and proved to the members of council and the citizens in general that, the new addition to the Fire department will fill a long felt want.

The test at the Court House was made more as a demonstration for the benefit of the crowd, a grandstand play as it were, and when a line from a hydrant was attached the difference in the height and pressure of streams were so marked that it would not be treating the Water Supply company fair to state what its nozzle pressure really was, the engine however, was throwing 880 gallons a minute and the stream 20 or 30 feet over the spire of the Temple of Justice.

OFFICIAL TESTS.

No. 1. Pumping from cistern at Main and Scioto the engine threw two streams attached to the ends of 100 feet of hose to which were attached 1 1/2 inch nozzles over 100 feet high, at an engine pressure of 142 pounds; each discharged 860 gallons per minute.

No. 2.—Pumping from cistern stream from two hose merged into one with 1 1/2 inch nozzle raised the stream over 100 feet, pressure at engine 135 pounds; discharged 650 gallons per minute.

No. 3.—One line of hose 400 feet long, 1 1/2 inch nozzle, discharged 350 gallons per minute. Engine pressure 200 pounds. No. 4.—Same size nozzle discharged 390 gallons a minute. Engine pressure 290 pounds.

The above tests more than satisfied the members of council that they had made no mistake in the purchase.

A number of expressions of regret were heard to the effect that "there might have been a different story to tell, if the city had owned the new engine when the Ohio Cereal Co. mill and elevator burned."

A three hour endurance test was conducted in East High street, which was a further proof of the merits of the new engine.

The company will keep a man here for the next thirty days to thoroughly instruct the members of the department how to handle the big machine.

Many Applicants For London Office

Quite a number of applicants for the postmastership of the London postoffice have suddenly sprung up, and two of them visited Congressman Post Friday, while one had an audience with him Thursday.

The applicant Thursday was Mr. P. R. Walney, and those Friday were J. Warren Minshall and Mr. Kilgore, the latter a member of the State Board of Agriculture.

No recommendations have yet been made, and owing to the number of applicants, some little time may elapse before the appointment is made.

Arbor and Bird Day Manual Ready

County Auditor Henkle has received copies of the attractive Arbor and Bird Day Manual for free distribution to the various teachers of the Fayette schools, and these may be obtained by calling at his office at once.

The manuals contain 100 pages of appropriate prose and poetry suitable for Arbor Day use. The front cover page contains a very beautiful design in the shape of a sprig of buckeye leaves with buckeyes peeping forth from amid the bright green leaves.

Lees Creek Teacher Writes for Outlook

The Outlook this week carries several pages on the discussion "Who Broke the Window" submitted by Miss Winifred Richmond, who is known here and who is now teaching in the Wayne High School at Lees Creek. The Outlook some time ago started a discussion of the ethical question supposed to have been asked of pupils in a school as to who broke the window of the building. The question raised was whether or not children should be taught to tell the truth about wrong doing when questioned by competent authority. Miss Richmond put the matter to debate in her school and her paper is published in full, showing that she must have raised vital points to insure its publication in such a well known publication.

Small Fire In Fogle's Grocery

Sparks from a bad flue caused a small blaze in the roof of William Fogle's grocery, 611 S. North street, shortly before two o'clock Saturday afternoon, but when the fire department arrived it was an easy matter to extinguish the blaze with the chemical after a section of the roof had been removed so the chemical could reach the fire. The damage was light.

Had the fire gained a good hold before the department arrived the high wind at the time might have caused a destructive conflagration in the neighborhood before it could have been extinguished.

Second Blaze This Afternoon

At 2:30 o'clock Saturday afternoon the fire department was again called out to extinguish a small blaze.

The second fire was in the roof of the Agnes Hartman property adjoining C. F. Bonham's carriage shop on West Court street, and was confined to a small area in the roof. The chemical was all that was necessary to extinguish the fire.

As the streets were crowded with shoppers, a large crowd gathered about the scene of the blaze.

Short-weight Man Soon Discovered

A couple of apple vendors from Columbus arrived in the city and secured a permit to sell apples Friday, and were doing a very good business until one man weighed his purchase and found it far short of what it should weigh.

When the Deputy Sealer of Weights and Measures looked into the case the man who had purchased the short weight refused to file an affidavit against the fellows, as one of them told how he was trying to support a family. Both promised to leave the city, and did so.

WILL INVOLVING

\$10,000 BROKEN.

After deliberating for seven hours the jury, in the case of John Laybourne and others against Elisha T. Laybourne and Dr. J. E. Furry, the latter formerly of this city, and who was executor of the will of William Thomas, brought in a verdict for the plaintiff announcing that the will was not the last one made by the deceased.

The case has been a particularly long and bitterly fought one, and the jury listened to the evidence for six days. During the course of the trial 60 witnesses were examined. The value of the estate is estimated at \$10,000.

Only Aunt Of President

The following news item will be of interest in Washington circles, Mr. and Mrs. Franklin C. Hunt being the parents of Mr. Ed Hunt of this city:

Mr. and Mrs. Franklin C. Hunt, of Charleston, W. Va., and Mrs. W. H. Wilson, of St. Albans, W. Va., were entertained informally at tea in the Red Room yesterday afternoon by Mrs. Wilson and her daughters, Mrs. Hunt is the only aunt of the president on the Woodrow side of the family.

Mr. Henry W. Woodrow, an uncle of the president, and Mr. and Mrs. William Woodrow, of Chillicothe, O., were also present. Mr. and Mrs. Hunt are enthusiastic over their Washington trip and the cordial welcome extended by the president and his charming family. Mrs. Hunt is a daughter of the Rev. Dr. Thomas Woodrow, after whom the president is named and on the occasion of her

visit to the white house she presented to Mr. Wilson a book of the Psalms written in Hebrew which had been a prized possession of his grandfather's. Mrs. W. H. Wilson, of St. Albans, who accompanied Mr. and Mrs. Hunt to Washington, is a cousin of the president's.—Kanawha Citizen, Charleston, W. Va.

The Theaters

Southern Theater COLUMBUS, O.

The Paul J. Rainey African Hunt pictures, admitted by all the world to be the most remarkable pictures ever taken, is the attraction at the Southern Theater, Columbus, where they will remain until March 23rd. In these pictures are shown extraordinary pictures of all the wild animals of the African plains and forest jungles, as well as a number of picturesque views of Africa, and the members of Mr. Rainey's expedition, both famous white men, and African natives. The pictures will be shown twice daily, at 2:30 and 8:15 p. m.

On Tuesday and Wednesday, March 25 and 26, patrons of the Southern will have their first opportunity to see Henry W. Savage's latest musical success, "Little Boy Blue," which comes with the stamp of enthusiastic approval of London and New York critics. As will be remembered, it was Mr. Savage who gave to the public "The Merry Widow" and in "Little Boy Blue," another Viennese operetta will be seen. The production is in every way a gigantic one. The company numbers over one hundred, with a chorus composed of seventy-five pretty and graceful girls and men. Among the principals who will be seen in the many delightful roles, are Otis Harlan, Kathleen Clifford, John Dunmore, Maude Odell, Kathryn Stevenson, Franklin Farnum, Rowland Hogue, Charles Hines and Victor Kahn. "Little Boy Blue" will be one of the genuine treats of the theatrical season.

On Thursday, Friday and Saturday March 27, 28 and 29, the annual visit of those most eminent of all Shakespearean players, Sothorn and Marlow, will be paid at the Southern. This is an event eagerly looked forward to from year to year, not only by Columbus people, but by the residents of all the surrounding Ohio towns. At this engagement, the plays to be given, in order of their presentation, are "Romeo and Juliet", "Merchant of Venice", "As You Like It", and "Hamlet". Mail orders for seats for this engagement are already coming in to the Southern box office in large numbers, and those who wish to secure good seats should write promptly. All mail orders will be promptly filled in order of their receipt. Seats can be reserved by mail for all of the three attractions above named, by writing the box office, Southern Theatre, Columbus.

Does Your Conversation Lack Human Interest?

By John P. Fallon.

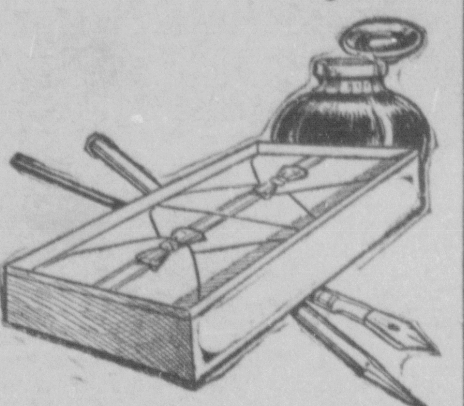

If you are not familiar with the news of the day, the happenings of the world, the latest style and at least an everyday knowledge of music, literature, art and sport you are missing half the enjoyment and pleasure of life.

A charming woman, when asked how she kept so well posted regarding so many interesting things, answered significantly, "I read my paper thoroughly and keep a scrap book."

THE HERALD will keep you well posted on all the important news of the day and events of interest in the business world. It will tell you of adventure and achievement, of fashions and women's work of domestic science and economy.

To secure the greatest good from your newspaper every day and become well informed upon the important topics of the hour you must read it carefully and continuously. It will also be to your interest to read the Advertisements in THE HERALD closely and constantly for they will enable you to purchase all the necessities and luxuries of life to best advantage.

Paper Fit For Queens.

In quality and attractiveness the writing papers of today excel any ever before produced. We afford an adequate selection of the very latest designs, including papers of a wide variety of sizes, weaves, weights. If you like nice writing papers, or if you want something "different," you will find here just what you desire.

Taft Hands One To Columbus

After July 1 Columbus will no longer be a principal port of entry, but will become a support under Cleveland, the headquarters for Ohio. One of President Taft's last acts was to issue an order redistributing the customs service of the country, which involves the subordination of the Columbus port. By this change Surveyor of Customs William C. Kennedy, who is also custodian of the Columbus federal building, will lose his position which carries with it a yearly honorarium of \$5,000.

The federal authorities, who recommended this change to the president, claim that the cost of the service will in this way be lowered to \$10,150,000, or a saving of \$700,000, as compared with the expense of the fiscal year recently closed.

Buckeye State Happenings

Mirror to Console Lion.

Cleveland, O., March 15.—To prevent Columbus, the big lion in the Brookside zoo, from dying of grief over the loss of his mate, park officials will place a mirror in the side of his cage so that he will gaze at the reflection of his neighbor, the leopard, and believe a new companion has been sent to cheer him.

Saloonist Kills Bartender.

Springfield, O., March 15.—Edgar Hildebrandt, a bartender, was shot and killed by his employer, De Forest Malloy, during an altercation. Malloy is under arrest. He alleges self-defense, saying Hildebrandt attacked him. He fired two shots, one taking effect in the left chest and the other in the left arm.

Second Trolley Victim Dies.

Youngstown, O., March 15.—John D. Crovert, the second victim of the trolley accident, is dead. It is expected that two more of the passengers on the car will die.

Editor's Wife Dead.

Newark, O., March 15.—Mrs. L. H. Newton, wife of the veteran editor of the Newark Advocate, is dead after a three weeks' illness.

Chauffeur Held.

Cleveland, O., March 15.—In furtherance of Federal Judge Day's order for a complete investigation of the escape from the county jail of James McNicholas, the mine promoter, who is alleged to have swindled northern Ohio people out of \$1,000,000. United States District Attorney Denman issued a warrant for Charles H. Schneurer on a charge of aiding the escape. Schneurer has confessed to driving the automobile in which McNicholas fled.

Files Charges Against Eyman.

Columbus, O., March 15.—Charging that patients of the state hospital at Massillon are kept under more strict discipline than the inmates of the Ohio penitentiary, and that many of them have been brutally treated, John E. Crawford, a former inmate of the institution and at one time a prominent business man of Lisbon, has filed charges with the board of administration against Dr. H. C. Eyman, superintendent.

Chief Kohler On the Stand.

Cleveland, O., March 15.—Police Chief Fred Kohler took the stand in his own behalf and denied vigorously the charges of gross immorality. His

story of his actions at the home of Samuel D. Scheerer on the night of June 5, 1912, while alone with Mrs. Scheerer, concluded the testimony. The chief alleged that he was trapped, and that the whole affair was a frame-up.

Traction Car Hits Wagon.

Middletown, O., March 15.—Three men were injured, one probably fatally, and three horses were killed when a car on the Ohio Electric traction line struck a moving van. Charles Stelger, a teamster, was injured internally and may die. Harry Hafer, a helper, was injured about his legs, and John Foote, motorman, was cut. Dense fog was the cause of the collision.

Two Fishermen Electrocuted.

Lancaster, O., March 15.—Dudley Carpenter, 53, and David Bobbitt, 48, both of this city, were electrocuted by the third rail of the Scioto Valley traction line at Hooker. They met their death as a result of an attempt to turn the electric current into the Hocking river for the purpose of killing fish. A piece of fence wire was used as a conductor.

Cuban Executive Uses His Veto Pen

Havana, March 15.—The message of President Gomez vetoing the amnesty bill, to which the United States objected, was read in the house. The veto was based solely on the apparent contradiction between articles 1 and 2 of the measure. Speaker Parrara made a violent address saying that Cuba had conquered Spain and won her independence and would not submit to Yankee interference.

blana county presented a bill seeking to restrict the number of breweries and distilleries. It does not affect establishments in operation now, but provides that unless a greater number are now in existence, there may be only one brewery or distillery for each 100,000 inhabitants in a county. The object of the bill is to keep away liquor manufactories which have been legislated out of West Virginia.

Representative Nye introduced a bill requiring nonpartisan municipal elections. It provides for nominations on 2 per cent petitions and for nonpartisan ballots. The Green compulsory workmen's compensation bill now is a law. Governor Cox attached his signature to the measure and declared it to be the most important piece of legislation which Ohio has ever enacted. The law goes into effect in 90 days.

Cashier Of Bank Goes Wrong In 'Frisco

San Francisco, March 15.—Charles F. Baker, assistant cashier of the Crocker National bank, is short in his accounts at least \$100,000, according to admissions by officers of the institution. Baker is ill at his cost residence in Piedmont. His wife and two children are with him. It was thought a week that he would die. It was this illness which brought about the discovery of the alleged shortage. Baker spent a large amount of money in speculation in eastern stocks.

LA FOLLETTE'S FIRST CALL

Invited Guest of President Wilson at the White House.

Washington, March 15.—Senator LaFollette made his first call at the White House in more than three years. He was the invited guest of President Wilson and spent almost an hour with him in his study in the executive mansion. The conference was merely preliminary to others to be held later, as the situation in congress develops. Other progressive senators will be asked to the White House from time to time, and the president hopes that many of them will find it consistent to line up with the Democrats in passing what he believes is progressive legislation.

SENTENCED TO BE HANGED

Father Ties Three Children to Bed and Sets Fire to the House.

Ft. Smith, Ark., March 14.—For binding his three children to an oil-soaked bed in their home in Bonanza and setting fire to the building, so that the three burned to death, Marion Capps, a miner and former minister, was found guilty of murder and was sentenced to be hanged.

And platonic friendship frequently makes a noise like a flirtation.

Could Not Stand The Cruel Beating Of American

WELLS PUT TO SLEEP IN SECOND ROUND

English Pug Hammered Hard By Gunboat Smith.

New York, March 15.—After one minute and 17 seconds of terrific fighting in the second round, Bombardier Wells, Great Britain's heavy-weight champion, was knocked out cold by Gunboat Smith of California, in Madison Square Garden. The undoing of the Briton was so unexpected that when the end came the huge crowd was stricken dumb.

During the first round Wells showed his wonderful cleverness by punching the marine all over the ring with well-directed blows, which drew first blood from the nose. To those who watched this round with a knowledge of boxing, it appeared as if Smith would be an easy victim. Smith, too, quickly realized that his only chance was in slugging tactics at close quarters, and as soon as the second round began he waded in. The Gunboat showed punches that carried deadly power and accuracy and soon a right-hander on the jaw sent Wells to the canvas. The knockdown amazed not only the Briton, but also the crowd, and when he got up many believed that his fall was an accident, but Smith quickly dispelled this belief by rushing in with more terrific smashes. Wells took a fierce hammering, at the same time fighting back desperately, until he was dropped for good.

In the second round Smith rushed in headlong and after a rapid exchange he caught Wells on the jaw with a right-hand swing. Wells dropped to his knees and took the count of eight. When he got up Smith rushed and both began to slug. It was give and take all over the ring until Wells received another terrific right-hand swing on the neck. The British champion keeled over sideways and hit the floor with his face. He rolled over and got on one knee, taking nine seconds. Wells was unsteady when he arose and began to stall.

Smith rushed in almost blindly, swinging both hands. The Englishman tried desperately to mix and for a moment he held his own. Then Gunboat nailed him over the left eye with another tremendous right and the English champion wobbled into a clinch. Smith threw him off and whipped a left to the body. Wells vainly tried to slug and with a back-handed blow he made the American hesitate, but instantly Smith tore in again with a wild rush, driving in blows with lightning-like rapidity. A right-hander caught Wells under the left ear and that settled it, for the British title holder turned a half somersault and fell on his back like a log. The referee did not attempt to count him out, but helped to pick him up.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Women's Ailments.

I am a woman. I know women's sufferings. I have found the cure. I will mail, free of any charge, my home-made full instructions to any sufferer from women's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or White Discharges, Uterine Displacement or Falling of the Womb, Frequent Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pain in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney, and bladder troubles where caused by weaknesses peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you do not feel better in less than two cents a day, it will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—'WOMAN'S OWN MEDICAL ADVISER' with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—'You must have an operation,' you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedsily and effectually cures Leucorrhoea, Green Discharges and Painful or Irregular Menstruation in young Ladies. Plumpness and health always result from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you sufferer that this home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address MRS. M. SUMMERS, Box H - Notre Dame, Ind., U.S.A.

Ohio Man Out of It

Washington, March 15.—The new United States treasurer to succeed Carmel A. Thompson will not be David S. Creamer, former Ohio state treasurer, according to the best information obtainable in Washington. It is stated that Creamer, while considered, had never really been in the running. Former Governor Burke of North Dakota is tipped as the man who will carry off the prize.

BANK MADE LOANS TO TREASURERS

Sustained a Loss of Seven Thousand Dollars on One.

Columbus, O., March 14.—Former State Treasurers W. S. McKinnon and C. C. Green obtained heavy loans from the defunct Columbus Savings and Trust company. The bank sustained, according to the evidence, a loss of \$7,000 on a \$20,000 loan to Mr. Green. The McKinnon loan is secured by property in Ashtabula Harbor, which H. W. Backhus, former secretary and treasurer of the bank, said would not result in a loss.

Inquiry into the affairs of the trust company to ascertain the extent of alleged illegal deposits of state funds developed the facts mentioned. This was regarded as the principal development in the hearing before George B. Okey as referee.

Prosecutor Turner and a representative of the attorney general's office were present at the hearing and both listened attentively to Mr. Backhus' evidence. "They have not come down to the part of it in which I am particularly interested," said Prosecutor Turner at the close of the inquiry. "I want to hear the testimony concerning those blotted pages and erasures in register books." Prosecutor Turner also is interested in the disappearance from the bank of books and papers.

Orders Chinaman Deported.

Zanesville, O., March 14.—United States Commissioner F. F. Frazier overruled a motion of Ny You Nuey, a Columbus Chinaman, to dismiss proceedings brought against him, and ordered the Chinaman deported. Federal Inspector Joseph Francis of Columbus charged the Chinaman was in this country without the necessary papers. Nuey says he was born in the United States. He gave notice of appeal.

If he could be in both places at once—here at your elbow and out there where the job is!

Nothing Simpler! The telephone works this miracle for thousands of widely separated partners.

One can see and the other can hear how the work is progressing.

One can plan, keeping the other advised of how the work progresses.

No need to pull him off the job.

Most of the big construction work the country over, is done with the help of the Long Distance Telephone.
